

Healthy Eating

Student worksheets · Weeks 19–24

NAME _____ CLASS _____

Two letter pages per worksheet · Mr. Fung · EIPS

19 1. What's on the plate?

20 2. Fuel, fluids, and factors

21 3. Heart, gut, and a snack

22 4. Frame and systems

23 5. Food, culture, and respect

24 6. Balance check

What's on the plate?

Healthy Eating · Half / quarter / quarter

NAME _____

DATE _____

Look at the picture. What is happening, and how does it connect to today's lesson?

2019 plate: $\frac{1}{2}$ vegetables and fruits · $\frac{1}{4}$ whole grains · $\frac{1}{4}$ protein. Water to drink.

1.

Food	Veg/fruit, whole grain, protein, water, or other

2. How close to half / quarter / quarter?

☐ Close

☐ Partly

☐ Not yet

3. Plate B — one realistic change (not a fantasy chef meal)

EXIT TICKET

Why did Canada switch from a rainbow of servings to a plate of proportions?

Fuel, fluids, and factors

Healthy Eating · Energy and nourishment

NAME _____ DATE _____

Look at the picture. What is happening, and how does it connect to today's lesson?

1.

This...	Main job in the body (your words)
Vegetables and fruits	
Whole grain foods	
Protein foods	
Water	

2. One personal factor that changes needs

3. High-activity day vs low-activity day — food or water

EXIT TICKET

To what extent does nutrition contribute to well-being? Two sentences, one example.

Heart, gut, and a snack

Healthy Eating · Cardiovascular and digestive systems

NAME _____

DATE _____

Look at the picture. What is happening, and how does it connect to today's lesson?

1.

System	What it does	A habit that supports it
Digestive		
Cardiovascular (heart and blood)		

2.

Snack	Helps digestion?	Helps the heart over time?
Apple + handful of nuts		
Large sugary drink + chips most days after school		

EXIT TICKET Why does water show up on both lists?

Frame and systems

Healthy Eating · Musculoskeletal and reproductive systems

NAME _____

DATE _____

Look at the picture. What is happening, and how does it connect to today's lesson?

1.

System	What it needs (food / water / habit)	One example I could actually eat or do
Muscles		
Bones		
Reproductive system (maturing)		

2. One iron-rich food (meat, beans, lentils, fortified cereal, greens) I know

EXIT TICKET Why do we talk about nourishing a maturing body, not about shrinking a body, in Grade 5?

Food, culture, and respect

Healthy Eating · Including FNMI food knowledge

NAME _____

DATE _____

Look at the picture. What is happening, and how does it connect to today's lesson?

1. Optional: one food practice from my family or community (you may write “private”)

2. One First Nations, Métis, or Inuit food teaching I can state respectfully (from class, not from a joke or a movie)

3. How can traditional foods sit beside the Food Guide plate instead of being ranked as “less healthy”?

EXIT TICKET What is the difference between respecting a food practice and copying it as a costume?

Balance check

Healthy Eating · Unit wrap · AHS resource

NAME _____ DATE _____

Look at the picture. What is happening, and how does it connect to today's lesson?

1.

Meal	Close / partly / not yet	One realistic change
Stew with carrots, barley, beans + water		
Granola bar + sugary drink on a rushed morning		

2. A meal I actually eat — how close, and one change I control

3. Name two body systems a balanced pattern supports, in your words

EXIT TICKET

To what extent does nutrition contribute to health and well-being? Claim + example + one limit.
