

Safety

Student worksheets · Weeks 13–18

Name _____

One letter page per worksheet · Mr. Fung · EIPS · 2026–2027

1. Week 13 — Choice → impact → repair
2. Week 14 — Law, rule, practice, protocol
3. Week 15 — Personal safety card
4. Week 16 — Looking after the group
5. Week 17 — Share / ask / never
6. Week 18 — Yes, no, ask, tell

Choice → impact → repair

Name _____ Date _____

Situation	Who could be affected?	Responsible next step
You forward a screenshot of a classmate's private message.		
You sit at the nut-aware table with a granola bar.		
You said you would walk a younger buddy home, then went to the park.		

One real choice I made this month (small is fine) and who it affected

Exit ticket — Responsibility includes accepting results. What does that mean in your own words?

Law, rule, practice, protocol

Name _____ Date _____

Label: L = law, R = school rule, P = practice, O = protocol.

Example	L / R / P / O	Who does it protect?
Fire drill: silent line, attendance, wait for all-clear		
Wear a seatbelt		
Phones in lockers during class		
Wash hands before eating		
Lockdown: lights off, out of sight, silent, wait for officials		

One protocol we use — steps in order

Exit ticket — What goes wrong if only some people follow a protocol?

Personal safety card

Name _____ Date _____

Name / role	When I could find them

An uncomfortable (not unsafe) situation

If I am not sure it is unsafe, I will

Exit ticket — Why is “keep this special secret” a warning sign when a body or safety boundary is involved?

Looking after the group

Name_____Date_____

Situation	Who is affected?	Responsible leader move
Your bus partner is not on the bus and the driver is closing the door.		
A group chat is forwarding a photo of a classmate who did not agree.		
Someone dares the group to sneak past the nut-aware table with snacks.		

One move that would make any of these worse (and why you will not do it)

Exit ticket — How is safety leadership different from being the boss?

Share / ask / never

Name _____ Date _____

Item	Share / Ask first / Never	Why
Photo of a classmate at recess		
Your school and the time you walk home		
A drawing you made		
A screenshot of a private message		
A password written under your keyboard		

One digital rule I can keep this month

Exit ticket — Why does “I was just forwarding it” not cancel the impact?

Yes, no, ask, tell

Name

Date

Scene	Ask first / Yes / No / Tell an adult	Why
Someone wants to post a photo of you		
A friend asks to borrow your hoodie for recess and you say yes		
Someone keeps tickling after you said stop		
A classmate wants a hug and you do not		
An adult asks you to keep a special secret about touching		

One short refusal line I can use

One line that shows I heard no

Exit ticket — Why is silence not the same as yes?
