Growth and Development

Student worksheets

Weeks 25–30

Name _____

Mr. Fung

EIPS 2026–2027

Contents

Weeks 25–30 · six student worksheets

1. **Week 25** — Changes during adolescence
2. **Week 26** — Puberty facts
3. **Week 27** — Organs and jobs
4. **Week 28** — Periods and sperm production
5. **Week 29** — Health practices this week
6. **Week 30** — Growth and development reflection

Grade 5 Health · Mr. Fung · EIPS · 2026–2027 · Week 25

Changes during adolescence

Name _____ Date _____

Change	Physical, thinking, or behaviour?	A supportive response
Needing more sleep		
Caring more what friends think		
Growth spurt / clothes don't fit		
Wanting a closed bedroom door more often		

Why is it unkind to rank who 'hit puberty' first?

Exit ticket

Name one physical, one thinking, and one behaviour change that can happen in adolescence.

Grade 5 Health · Mr. Fung · EIPS · 2026–2027 · Week 26

Puberty facts

Name _____ Date _____

Statement	Fact or myth?	Why
Everyone starts puberty at the same age.		
Hormones are chemical messengers.		
Sweat and skin oil often increase.		
You can tell everything about a person from how fast they grow.		

Two physical changes I might notice or that a friend might notice (general, not naming a classmate):

Exit ticket

Who is a trusted adult I could ask a puberty question?

Grade 5 Health · Mr. Fung · EIPS · 2026–2027 · Week 27

Organs and jobs

Name _____ Date _____

Part	Job in your own words
Ovaries	
Uterus	
Vagina / vulva	
Testicles	
Penis	
Scrotum	

What does 'capacity for human reproduction' mean in Grade 5 language?

What are we **not** learning this year (Grade 6 topic)?

Exit ticket

Why do we use correct anatomical words instead of slang in this room?

Grade 5 Health · Mr. Fung · EIPS · 2026–2027 · Week 28

Periods and sperm production

Name _____ Date _____

Idea	True / false	Correct the false ones
Only girls need to learn about periods.		
A period is the uterus lining leaving the body.		
Sperm production can begin during puberty.		
Wet dreams mean someone did something wrong.		
We are learning the full pregnancy story this week.		

If a classmate is upset because their period started at school, a kind, private response is:

Exit ticket

How do menstruation and sperm production connect to reproductive capacity — without telling a pregnancy story?

Grade 5 Health · Mr. Fung · EIPS · 2026–2027 · Week 29

Health practices this week

Name _____ Date _____

Practice	Why it helps during puberty	One realistic action this week
Sleep		
Nutrition and water		
Physical activity		
Hygiene		
Talking to a trusted adult		

Exit ticket

Which practice would help you most in the next seven days, and why?

Grade 5 Health · Mr. Fung · EIPS · 2026–2027 · Week 30

Growth and development reflection

Name _____ Date _____

1. One maturation change (body, thinking, or behaviour) and how a person could respond kindly:

2. How puberty connects to the capacity for human reproduction (Grade 5 language, no birth story):

3. Two health practices I will keep:

4. A question I could ask a trusted adult or family member (or write 'I do not have one'):

Exit ticket

What is one way to show respect when this topic comes up with classmates?
